NEWS RELEASE

Travel Advisory

EL PASO, TEXAS – El Paso International Airport (EPIA) would like to encourage passengers to arrive at least 2 hours before their scheduled departure time for the July 4th holiday season. Early arrival will ensure that you have plenty of time to check-in and go through the screening process handled by the Transportation Security Administration (TSA).

EPIA recommends that all passengers review TSA's policies on liquids and on prohibited items for carry-on bags. For additional information visit www.TSA.gov

EPIA encourages customers to utilize its cell phone parking lot when waiting for an arriving passenger. For additional information visit <http://www.elpasointernationalairport.com/cell-phone-lot.php>
